Returning to Paradise

6 - 19 March 2020

Returning to Paradise is about aiga (Family), alofa (Love), and Malaga (Journey). It's about expressing my excitement of a place that I hold dear to my heart, which is my parent's homeland of Samoa. The joy I feel when I think about returning to Paradise are the vibrant colours, that inspire my colour pallets, the Pasifika patterns in the art works you see around in Samoa and making memories with my loved ones.

My Pacific based concepts and ideas are the cultural driving forces that help to define me as an artist in a predominantly Western society. This enables me to call upon past traditions to inspire new ideas and concepts.
